

Recently, Owens & Minor may have approached you about switching from Dale to their generic product line. If distributors drive Dale and other small suppliers out of the market, they'll dominate. Less competition and **choice** means higher prices in the long run.

If you have questions or would like to express your concerns regarding this situation, please contact Dale at 800-343-3980.

### Keep Choice a Priority

- Dale® Tracheostomy Tube Holders
- Dale® Foley Catheter Tube Holders
- Dale® Abdominal Binders
