

Post-Surgical Bras

Dale Medical Products continues its 50+ year history of developing the best products for patients and their caregivers. We are pleased to announce that we have updated our Post-Surgical Bra that will start shipping to our distributors in August. Updates will include:

- Detachable straps to allow for ease of application and improved comfort
- Softer, more substantial material
- A wider front closure
- An additional size - XXX-Large, Product number 706
- Now Made in the U.S.A..

Our bras will continue to feature the same great benefits such as our seamless, one-piece design; soft, breathable material with stretch, and front closure.

Our current product numbers will not change and there is no price increase. If you would like samples please visit us at www.dalemed.com
